TITLE OF AGENDA ITEM: Temporary Use Permit for Pemmar Seventh Day Adventist Church

REPORT IN BRIEF: The applicant is requesting approval of a temporary use permit to erect a 2,400 square-foot tent on the vacant lot of the future church site. This tent will be used for Church Revival meetings held for forty-nine (49) days for one (1) service per day. Access to the site will be available from N.W. 74th Avenue. Temporary parking is available onsite as well as temporary sanitary facilities, electrical power supply, water supply, and covered garbage cans. The tent occupancy is 150 persons. The total parking available is 40 spaces. Petitioner states that security during these meetings will be provided by members of the Pemmar Seventh Day Adventist Church and the chairs will be chained and locked during the nighttime hours. Lighting is provided onsite during the nighttime hours. A satisfactory site plan accurately depicting all details of the request has been reviewed and is attached by the Development Review Committee including Development Services Department, Police Department, Fire Department, Building Department, Code Enforcement, and Engineering Department.

DURATION OF EVENT: The duration and hours of the request is September 1, 2002 to October 19, 2002 from 7:30 pm to 9:00 pm for one service a day.

Section 12-319 of the Land Development Code requires that three (3) criteria be met for temporary use permits:

- (1) Any nuisance or hazardous features involved is suitably separated from adjacent uses;
- (2) Excessive Vehicular traffic will not be generated on minor residential streets; and,
- (3) A vehicular parking problem will not be created.

Staff finds that the Nova Southeastern University Annual "Got Wood" bonfire and celebration will be suitably separated from adjacent uses, there will be no traffic generated on minor residential streets, and a vehicle parking problem is not anticipated. In addition the following conditions apply:

- (1) A building permit must be secured prior to the event.
- (2) The permit shall be valid only for the time specific from September 1, 2002 to October 19, 2002 from 7:30 pm to 9:00 pm.
- (3) The sound level from the loudspeakers will be maintained at a reasonable level.
